Tun Fact

The largest ocean on Earth is the Pacific Ocean, it covers around 30% of the Earth's surface.

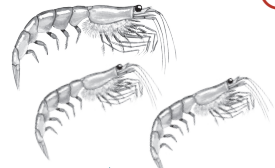

OCEAN LIFE CROSSWORD

Fun Fact

An Octopus has no bones, therefore it can squeeze through a hole the size of a quarter!

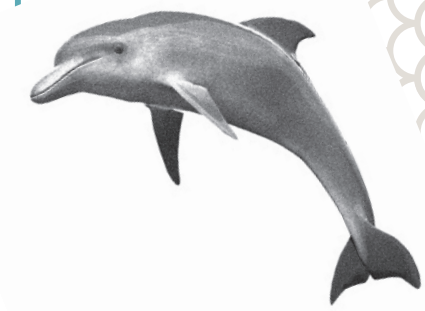

ACTUAL SIZE >

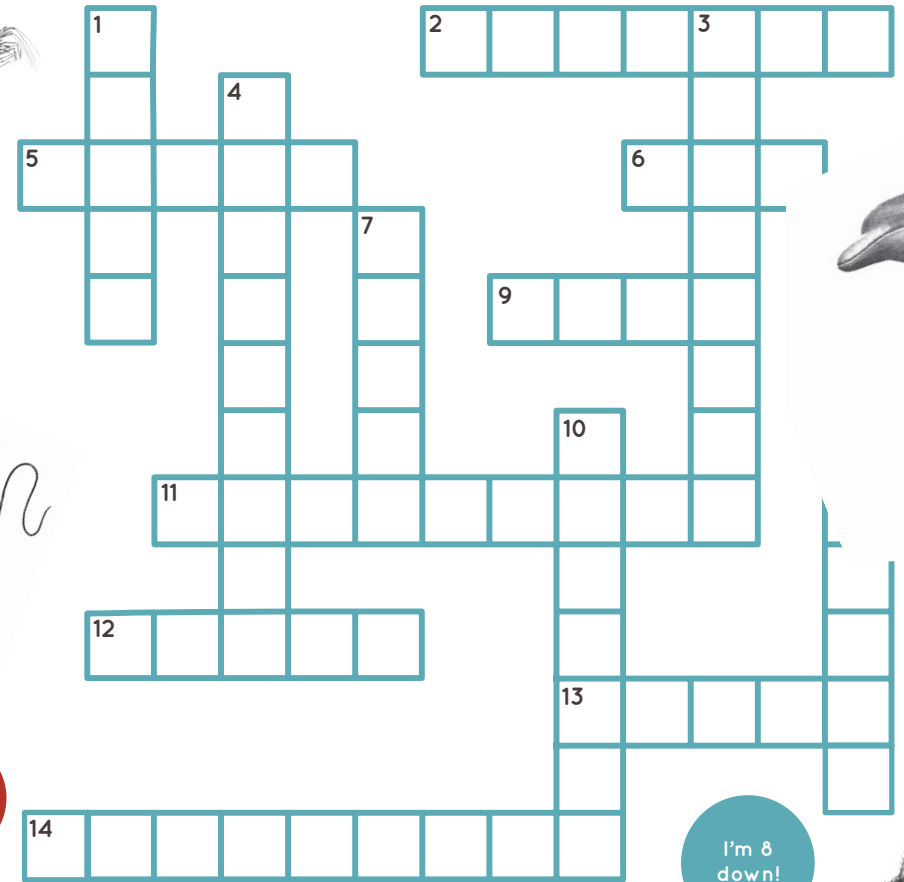

We're 1 down... whales eat us!

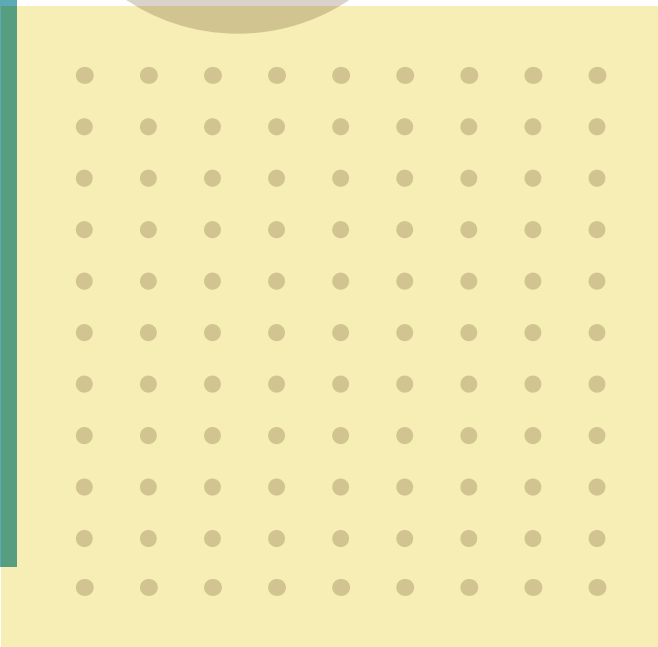

I'm 14 across!

I'm 8 down!

HOW TO:
Two players take turns connecting two dots either horizontally or vertically... no diagonals allowed! When you draw a line that completes a square, put your initial in the square and take a bonus turn. The game ends when all dots become boxes. The player with the most boxes is the winner!

THE DOT GAME

across

- 2. fat layer that keeps some marine mammals warm
- 5. fish use these to breathe oxygen from the water
- 6. name of a group of whales
- 9. a group of these is called a school
- 11. what a shark has instead of bones
- 12. a shark has several rows of these
- 13. green and slimy, found on rocks
- 14. marine animals with a flat body and long tail

down

- 1. small creatures that look like shrimp
- 3. how a whale or dolphin breathes
- 4. largest animal in the world
- 7. bioluminescent animals make their own
